

# Yelverton Bowmen – Head-2-Head

Please fill out with blue or black ink only and submit to the records officer on completion of all qualifying rounds undertaken during a club competition.

For recurve, longbow and barebow archers, the head-to-head round is the Olympic round. Each match is decided on the best of 5 sets of 3 arrows shot in 2 minutes (simultaneous shooting) or at 20 seconds per arrow (alternate shooting) each with a 10 second lead-in time.

Arrows are shot on a 122cm target face from 70m for recurve and longbow archers, and 50m for barebow archers.

Each set comprises 3 arrows and is shot in the same way as an end of 3 arrows. The winner of a set is the archer who has the highest score of the arrows shot for that set. The winner of the set is awarded 2 match points. If the total arrow scores are tied both archers receive one match point. Tens and X's are not used to break ties on score.

The winner of the match is the first archer to gain 6 points. If the match points are tied after 5 sets (5-5) there will be a one arrow shoot-off – closest to centre wins.
